MESSAGE FROM OUR CO-PRESIDENTS

NANCY & DON SPARLING

We are looking forward to our Annual Meeting November 7th at McMenamins! Many Museum members have been involved during the planning of this facility, giving family histories and stories. Our resource department has provided many of the historical photographs on display.

We look forward to seeing you at the meeting.

We wish to thank the many volunteers who have put over two thousand hours of time into being docents for Museum openings, working on displays, cataloging artifacts, doing research, and other Museum business.

CITY OF BOTHELL WORK AT THE MUSEUM

The Museum will be getting a new roof sometime in the next few months. Actual date is unknown yet.

They will also be working on the front porch to fix the sagging foundation and loose boards. Parts of the porch are unusable due to these problems (all the yellow warning tape).

This work will effect the use of the Museum for a few months, and the Christmas decorating and the Christmas Tea are tentatively cancelled.

My Family History in Bothell

Nancy Shellito Kallinen
BHMS Board Member

My grandparents, Sterling and Ethel Shellito, arrived here in 1908. Sterling worked in Kenmore at John McMaster's shingle mill. He was the "chief" who kept all of the equipment running. They lived just north of today's Country Village. They bought the farmhouse that August Bartelson built to "prove up" the 146 + acre grant he received from the government. The title was signed by President Benjamin Harrison dated 1891.

My other grandparents, William and Winifred Whiteside, lived here for a year during my mother's junior year in High School at W.A. Anderson 1934/1935. She made life long friends just in that one year and married my father and they lived the remainder of their lives in Bothell. My grandfather was the first full time Assembly of God pastor in Bothell. They lived in the Busch Apartments, across the street from W.A. Anderson. They lived upstairs and conducted church services downstairs.

My father, Vic Shellito, served 34 years in the Bothell Volunteer Fire Department from 1941 to 1975. He was the volunteer Fire Chief for 13 of those years between 1947 to 1960. In April 1975, six of the retiring volunteer firemen were honored by a dinner. The retirees were: Vic Shellito, Vernon Bartelson, Henry Magill, Virgil Goring, Len Eskeback, and Rick Metz. They had a combined total of 155 years of service to the Bothell community. My fondest memories of my father's fire department career was watching them string the Christmas lights on the big tree at Main Street and 102nd. Then watching the whole town come out for the lighting and the high school band marching and playing, and of course Santa coming with candy canes for the little children. What a wonderful community event that was.

My father worked as a mechanic at the Chevrolet shop in Bothell for many years and then later in life he moved to the Northshore School District. He was the shop foreman for all vehicles that were used in the district and made all the decisions for new buses and other equipment. He finally retired from that position.

I went all through school in Bothell. Ricketts Elementary through third grade. Fourth through sixth grade was up on the hill in the old white school house. Then back down to W.A. Anderson for Junior High and finally graduated from Bothell High School. My family has had 4 generations graduate from Bothell High School: my father, my sister and I, my two sons and finally three of my grandchildren.

In the last three years I have helped as my church (Evergreen Community Church) has provided 50-75 volunteers to facilitate the 4th of July Parade. This allows many of the city workers time to be with their family instead of working the parade. And it has saved the city around \$30,000 dollars in overtime and expenses. We have also provided our church facilities for a number of community events such as the Northshore School Dist. testing; honoring our first responders from the Fire Dept. and the Police Dept. on 9-11; and other city events. There are always many opportunities to help in our community.
